Annual 47 C.F.R. § 64.2009(e) CPNI Certification
EB Docket 06-36

Annual 47 CFR §64.2009(e) CPNI Certification for 2012 covering the prior calendar year (2011)

Date filed: February 28, 2012

Name of company covered by this certification: Simple Mobile, LLC

Form 499 Filer ID: 828011

Name of signatory: Carl Lakey

Title of signatory: General Counsel and EVP, Business & Legal Affairs

I, Carl Lakey, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the requirements Commission's CPNI rules. See 47 C.F.R. § 64.2001 *et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements (including those mandating the adoption of CPNI procedures, training, recordkeeping, and supervisory review) set forth in section 64.2001 *et seq.* of the Commission's rules.

The company has not taken any actions (*i.e.*, proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission) against data brokers in the past year.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.

The company represents and warrants that the above certification is consistent with 47 C.F.R. § 1.17 which requires truthful and accurate statements to the Commission. The company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

Signed

Attachment: Accompanying Statement Explaining CPNI Procedures

SIMPLE MOBILE, LLC

2011 STATEMENT OF CPNI OPERATING PROCEDURES

1. It is the policy of Simple Mobile, LLC (the "Company") not to use, disclose, or permit access to Customer Proprietary Network Information ("CPNI"), as defined in the FCC's rules, for any purposes other than the following, all of which are permitted without customer approval under FCC rules:

- a. For the purpose of providing or marketing Company service offerings among categories of service (i.e., local, interexchange) to which the customer already subscribes.
- b. As a wireless provider, relating to the provision of CPE or information services.
- c. For the purpose of providing inside wiring installation, maintenance, and repair services.
- d. For the purpose of marketing "adjunct-to-basic" services.
- e. For the purpose of protecting the rights or property of the Company, or to protect users of its services and other carriers from fraud, abusive, or unlawful use of or subscription to such services.

2. The Company has established a program to inform, train and direct personnel regarding proper disclosures and uses of CPNI. At present, the Company does not engage in outbound marketing using CPNI. The Company has an express disciplinary process in place to discipline violations of its CPNI policy.

3. Because the Company does not use, disclose or permit access to CPNI for marketing purposes except as described above, by definition, it does not need to maintain a record of sales and marketing campaigns that use customers' CPNI, or of instances where CPNI is disclosed to third parties, or where third parties were allowed access to CPNI.

4. Because the Company does not use CPNI except as described above, the Company has not utilized a notification and customer approval process (i.e., an Opt-Out or Opt-In process). If the Company changes its marketing procedures, an appropriate customer notification process will be instituted.

5. Regarding online access to account and billing information, the Company has taken measures to secure the customer information with proper authentication, including the use of passwords and other methods that comply with FCC rules to protect CPNI.

6. Customers who contact the Company via inbound calls are not able to access their call detail information. If the Company changes this policy, it will adopt measures to secure the customer information including the use of passwords and other methods that comply with FCC rules to protect call detail information.

7. The Company does not have any retail locations. To the extent that it does so in the future, customers who visit such locations and who request CPNI will be asked for proper photographic identification (i.e., state issued driver's license or the equivalent), and CPNI will be disclosed only if the customer presents valid photo ID matching the customer's account information.

8. The Company has not detected any unauthorized access to CPNI, either by employees, pretexters or other third parties. The Company did not receive any customer complaints regarding CPNI in 2011.

9. The Company will notify a customer immediately if the customer's address of record, password, back-up authentication or online account is created (except at the time of service initiation) or changed. This notification will be made through a company-originated voicemail or text message to the telephone number of record, or by mail to the customer's pre-existing address of record, and will not reveal the changed information.

10. In the event of any breach of a customer's CPNI as described in section 64.2011 of the FCC rules, the Company will, as soon as practicable and in all events within seven (7) days of determination of the breach, notify law enforcement through <http://www.fcc.gov/eb/cpni>, and subsequently notify the customer(s), in accordance with the procedures and in the sequence prescribed by that rule section. The Company will maintain a record of any such breaches and notifications for at least two (2) years.

11. The Company has in place a supervisory review process regarding compliance with its CPNI policy.
